Rationale:

At Merryhills we are committed to providing a caring, friendly and safe environment for all of our pupils so that they can learn in a relaxed and secure atmosphere. **Bullying of any kind is unacceptable at our school.** If bullying does occur, all pupils should be able to tell an adult and know that incidents will be dealt with promptly and effectively. We are a '**TELLING**' school. This means that *anyone* who knows that bullying is happening is expected to tell staff. This policy should be read in conjunction with our Behaviour Policy.

Objective:

This policy outlines what Merryhills School is doing to tackle and prevent bullying. We believe that it is the responsibility of the whole school community to deal effectively with bullying and this policy has been drawn up through the involvement of pupils, staff, governors and parents/carers.

What is bullying?

It is essential that the Merryhills School community has a shared understanding and definition of bullying so that we can work together to tackle and prevent it. The Government defines bullying as:

“Behaviour by an individual or group, usually repeated over time, that intentionally hurts another individual or group either physically or emotionally.”

Bullying can be:

- Emotional being unfriendly, excluding, tormenting
- Physical pushing, kicking, hitting or any other use of violence
- Racist racial taunts, graffiti, gestures
- Sexual unwanted physical contact or sexually abusive comments
- Homophobic because of, or focussing on the issue of sexuality
- Verbal name-calling, sarcasm, spreading rumours, teasing
- Cyber all areas of internet ,such as email & social media websites; mobile phone threats via texts and calls; the misuse of associated technology, i.e. camera & video facilities

We are committed to ensuring that:

- all governors, teaching and non-teaching staff, pupils and parents have an understanding of what bullying is.
- all governors, teaching and non-teaching staff know what the school policy is on bullying and follow it when bullying is reported.
- all pupils and parents know what the school policy is on bullying, and what they should do if bullying arises.
- pupils and parents feel supported when bullying is reported.

- all staff are trained to identify bullying and follow the school's behaviour policy and procedures on bullying
- we recognise and address the needs of all parties involved in incidences of bullying

Merryhills is a bully free zone

At this age, school children are learning about social interaction and building relationships. Sometimes they fall out or are unkind to their friends. It is important to distinguish friendship issues from incidents of bullying. Such situations will be investigated, monitored and managed in accordance with the school's behaviour policy unless the investigations suggest that the situation has become bullying. We take bullying very seriously, if after our investigation there is no evidence of bullying, but a falling in and out of friendship, the situation will be monitored. A phone call will be made after a 4 week period to a parent, to see how things are. Also a member of the Headship Team or Senior Leadership, will also check on the child regularly to ensure they feel happy and safe.

Signs and Symptoms:

As a 'Telling School', we expect pupils to tell an adult if they or someone they know are being bullied. Sometimes pupils are reluctant to come forward and tell and therefore the school community must be vigilant for indicators which might suggest that a pupil is being bullied. **There is no fool proof way of telling that someone is being bullied and some signs could be signs or effects of something else.**

Adults should be aware of these ***possible signs*** and they should investigate if a child:

- is frightened of walking to or from school
- changes their usual routine
- is unwilling to go to school
- becomes withdrawn anxious, or lacking in confidence
- starts stammering
- cries themselves to sleep at night or has nightmares
- feels ill in the morning
- begins to do poorly in school work
- has possessions which are damaged or " go missing"
- has unexplained cuts or bruises
- becomes aggressive, disruptive or unreasonable
- is bullying other children or siblings
- stops eating
- is nervous or afraid to use the internet or mobile phone

Preventing, identifying and responding to bullying

Bullying hurts. No one deserves to be a victim of bullying. Every pupil has the right to be treated with respect and feel safe at school. Bullying is serious both for the victim and the bully: the victim needs to be supported and made to feel safe and those who bully need to learn different ways of behaving. At Merryhills, staff and pupils take steps to minimise the opportunities for bullying to take place.

These measures include:

- the early identification and support of vulnerable children, including those who are most at risk of being bullied
- actively providing systematic opportunities to develop pupils' social and emotional skills, including their resilience
- considering all opportunities for addressing bullying through the curriculum
- zoned playground areas, including a quiet area for vulnerable pupils
- the modelling and reinforcement of positive, respectful behaviour and relationships
- ensuring that pupils are aware of the sanctions which may be applied against pupils who bully
- working with staff and outside agencies to identify and address all forms of bullying.
- actively provide systematic opportunities to develop pupils' social and emotional skills, including their resilience.
- consider all opportunities for addressing bullying including through the curriculum and displays

Regrettably, bullying can sometimes happen. At Merryhills we want to support everyone in the school community to be able to identify bullying and respond effectively if it does happen. We use a range of strategies and resources to provide opportunities for pupils to report bullying and feel supported if they are or know someone who is the victim of bullying. Both the victim and the perpetrator will need support and both sets of parents will be informed.

These strategies and resources include:

- peer support networks through the school council, our 'house' system, mini-mentors and jubilee-mentors
- 'concerns boxes' in classrooms and throughout the school
- friendship and social groups, including 'circle of friends'
- the use of PSHE lessons, or during assemblies or P4C lessons, and 'beat bullying' resources.
- circle time opportunities
- staff, visible and accessible, during playtimes and lunchtimes
- useful websites and helpline contact numbers displayed in the school

Procedures and outcomes

Merryhills has a responsibility to respond promptly and effectively to issues of bullying.

If an incidence of bullying is reported, we will:

- ensure that a senior member of staff investigates the matter thoroughly, with all parties involved
- when necessary, inform parents of the findings of any investigations into bullying involving their child
- A follow up phone call will be made by a member of the Headship Team to the parents after 4 weeks of reporting a bullying incident, to check that everything is ok. If there are any further concerns parents must come in before. Someone will also speak with the child too.

If an incidence of bullying has taken place, we will:

- apply sanctions and consequences in accordance with the school's behaviour policy, leading up to and including exclusion (See Appendix A)
- monitor and review the situation after sanctions have been applied, to ensure that repeated bullying does not take place
- ask the bully or bullies to apologise
- organise, where possible, that the pupils are reconciled

The Merryhills school community will regularly discuss, monitor and evaluate this policy to ensure that Merryhills is a safe place to learn.
